START-UP SLAMS

The Start-up Slams are a great opportunity for **young companies** (and particularly start-ups seeking to raise a seed or a Series A financing round) to showcase their project in front of potential partners and investors.

COLLABORATIVE AND LICENSING OPPORTUNITY PRESENTATIONS

The Collaborative and Licensing Opportunity Presentations are a great opportunity for **TTOs, universities, research institutes** and **companies** to showcase their early-stage technologies in front of potential partners, in order to entail a collaborative project and/or a licensing deal.

The selected candidates will be offered to present their project and receive advice and feedback (“speed-mentoring”) from a panel of experts.

The winners will be awarded as the most innovative start-up and the most promising technology in Life Sciences.
